*This experience is intended to be more than a job with hours to be checked off. This internship is also an experience of community and relationship. This requires availability and flexibility in schedule. We are looking for people who can give themselves fully to this opportunity. Ministry is demanding and requires rest on your days off to be most effective. For this reason, internships do not allow time for additional jobs or responsibilities. *If you need a week off for vacation time – talk with your supervisor and discuss during the interview.

Compensation

Stipend of \$4,000 for the 10 weeks. Reimbursements for direct ministry expenses per church guidelines. Summer interns provide their own transportation during the summer.
